## AT Course Series

An Assistive Technology Tools and Software course is being offered this year by CESA #3 in collaboration with **WATI** (*Wisconsin Assistive Technology Initiative*) and **STEM** (*The Midwest Alliance in Science, Technology, Engineering and Mathematics*).

This course is designed to be attended by a team including Educators, Therapists, Speech and Language Pathologists, School Psychologists and Special Education Directors. Sessions will address tools, software and strategies appropriate for elementary, middle and high school in the areas of assessment, augmentative communication, reading, writing and science. Each session will present assistive technology tools and software followed by hands-on experience. The WATI lending library will be accessible to all participants for material and software checkout.
